

Working principle:

Use UV lamp to lure the mosquito into the machine, it is electrocuted by a high voltage grid

Features:

- 1. Mosquito killing or lighting two functions
- 2. Lighted control;
- 3. Waterproof, safty;
- 4. 304 stainless steel ;
- 5. 365nm light source, Wavelength durable and stable

Specification :

Voltage : DC3.7V+4Ah
High grid : 2.2KV
killing mosquito Power : 3W
lighting power : 2W
Solar panel : 6W 6-7.2V
charger voltage : DC-5V/2A
Battery : 5200MAH
Color : Silver/Black
Size : Φ0.24M*H0.8M
Coverage area : 100-120 square meters

OUTDOOR SOLAR
MOSQUITO TRAP
户外太阳能灭蚊灯
