

Working principle :
Use the wave 530-590nm that mosquito afraid and reject to repel the mosquito

Features:
1.Safty and environmental, non pullution, non radiative
2.Saving energy , repelling mosquito , also can use as lighting
3. Application :farm , camping, swimming pool,outdoor
 commerical repelling mosquito and lighting place (notice:if use outdoor need make water repellent treatment)

Specifications:
Voltage : 110-120V 220-240V
Frequency : 50/60Hz
Power : 20W/25W/45W
Irradiation range : 2-3M/6-7M
Material of lamp : COBS High permeable glass
Color rendering index : 80

INFRARED MOSQUITO REPELLENT BULB

红外驱蚊灯泡

型号:MYU-20W/45W

技术参数：
额定电压：110-130V 220-240V
额定频率：50/60Hz
额定功率：20W /25W/45W
照射范围：2-3M/6-7M
灯体材质：COBS高透光玻璃
显色指数：80
适用范围：家居/商业/户外/农牧场所
